No business shall be transacted at any General Meeting unless a quorum of members is present at the time when the meeting proceeds to business. Save as herein otherwise provided, ~~fifteen per cent of~~ **fifteen** Full Members eligible to vote shall be a quorum at a General Meeting, ~~subject to a minimum of 15.~~

Motion 2 - Change to Club Trustee Model

APPOINTMENT OF TRUSTEES - OPTION 3

That the current Club Trustee model is replaced by adoption of only the Corporate Trustee in accordance with Clause 1.(b)(i)(c) of the Code of Trustees.

Option 3 - Clubs may elect to have property held only through the corporate trustee.

What are the advantages of changing to Option 3 where property is held only by the Corporate Trustee?

- Individuals are no longer trustees and therefore are not exposed should the club/unit be sued.
- It is a straightforward manner of holding title. Currently, when individual trustees retire or die there can be delays and cost in having them removed from title and the property transferred into the name of incoming trustees. Accordingly over a period of a number of years this can give rise to significant difficulties when dealing with club property. This does not arise in the case of the Corporate Trustee.
- If a personal trustee was to get into financial difficulties, resulting in a judgment being obtained and registered on club property, this can cause complications and delays in any dealings with the property.
- Any dealings with club property will be streamlined without having to have multiple documents executed by a number of different personal trustees.
- There is a €1,000 grant from the GAA to facilitate this change.
